

Maximise cell collection and preservation.

Cytology Brushes

To better meet your clinical needs, we offer one of the most complete selections of cytology brushes on the market. Uniquely designed to maximise cell collection and preservation, our brushes are available in a wide array of lengths and configurations, meeting varying procedural needs and clinician preferences.

Cytology Brushes

Used to collect cells from the upper and lower gastrointestinal tracts.

This device is supplied sterile and is disposable. It is intended for single use only.

- Brush bristles are designed for maximum tissue acquisition.
- Multiple brush diameters and catheter lengths are available to meet all your clinical needs.
