

Set the standard.

Ascend[®]
SINGLE-USE FLEXIBLE URETEROSCOPE

7.5
FRENCH

Expand your vision portfolio with the **7.5 Fr Ascend Single-Use Flexible Ureteroscope**, and put control in the palm of your hand.

You're in complete control.

Explore our comprehensive stone management portfolio, and choose from a full complement of devices that accommodate physician preference, from access to drainage.

285° up-down deflection

ILLUMINATION

The distal tip features a unique transparent design, lit with a dual LED, to illuminate the surgical site and the surrounding area.

Shaft: 7.5 Fr outer diameter

CUSTOMIZATION

A revamped handle places three action buttons right at your fingertips to tailor in-procedure functionality—such as white-balance adjustment, snapshot, video recording, and more—to your preferred workflow.

DEFLECTION

Static deflection sets your sights on the target.

IMAGE PROCESSOR

Get enhanced images using the processor's proprietary algorithms, and customize your settings to fine-tune color, saturation, brightness, contrast, and more.

Vision
Single-use flexible ureteroscopes and cysto-nephroscopes in multiple sizes

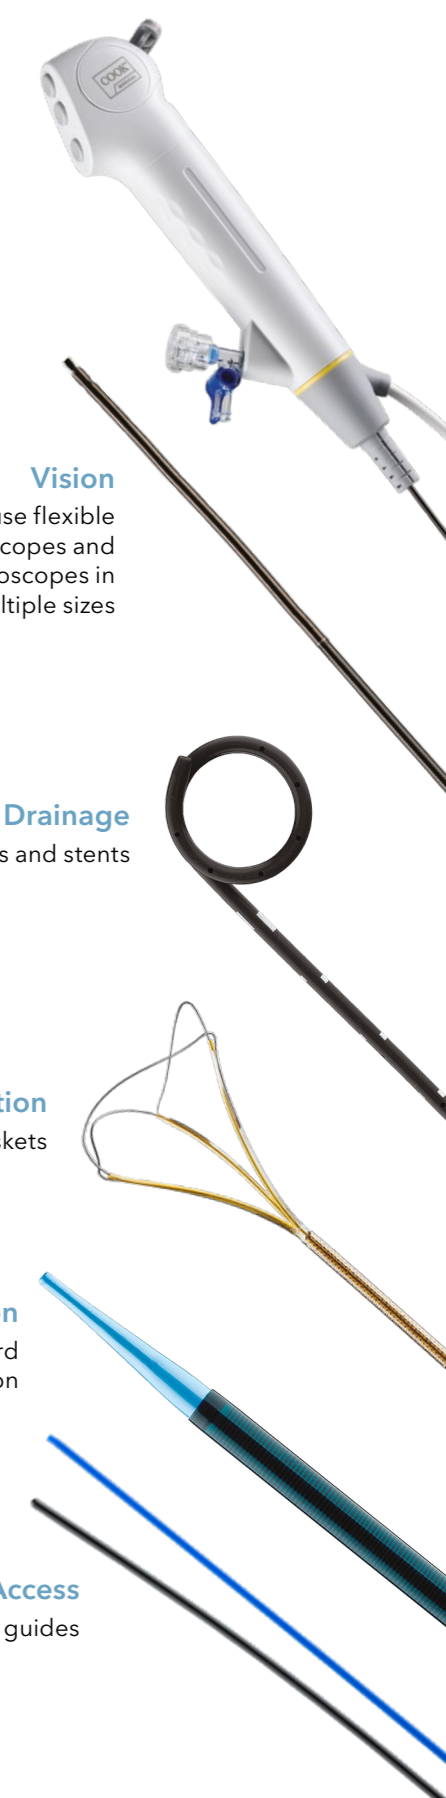

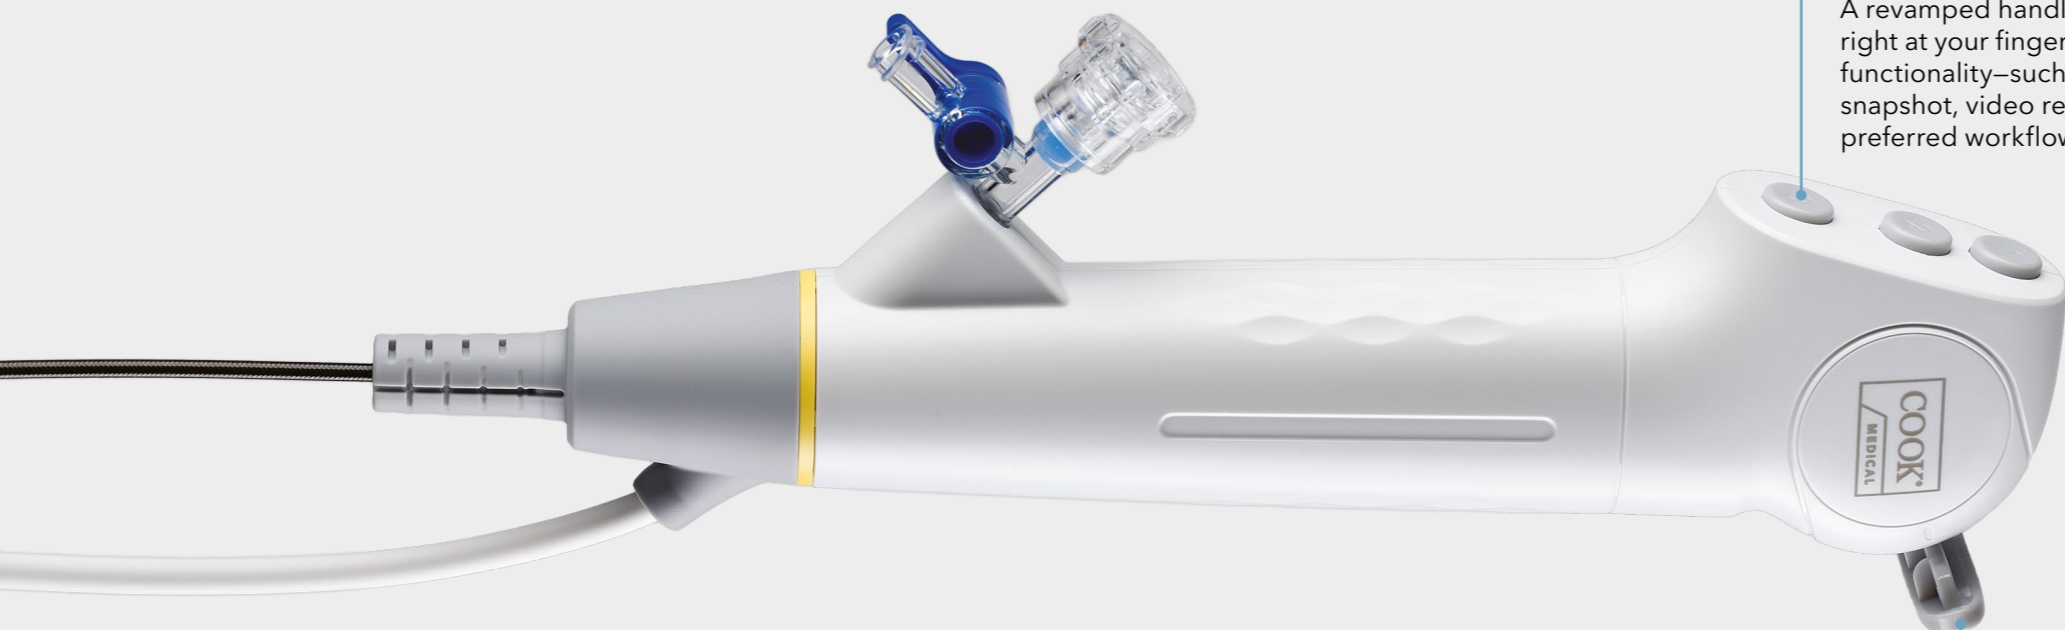

Drainage
Catheters and stents

Extraction
Nitinol baskets

Dilation
Sheaths—standard and suction

Access
Wire guides

Lithotripsy
Quanta lasers

Ascend®

SINGLE-USE FLEXIBLE URETEROSCOPE

The Ascend Single-Use Flexible Ureteroscope is developed for use with endoscopic accessories and an Endoscopic Video Image Processor for endoscopy and endoscopic surgery within the urinary tract and the interior of the ureter and kidney, in professional healthcare environments (e.g., hospitals and clinics).
